HALF ARMED.

Dan Cupid came along one day
And shot an arrow through
A tender maiden's heart, whose name
Was Angelina McGoo.

And Angelina was smitten with
A youth of peer estate,
Who, notwithstanding she was rich,
Did not reciprocate.

She felt the arrow in her heart,
And cried, "Why is this so?"
What good's an arrow to me if
I do not have a beau?

If you have an item of news, please

Mt. Olivet Boy Loses Job, Money,
Brother, Boarding-House!

Harvey Clark, a sixteen-year-old boy from
Mt. Olivet, who Wednesday had both a job and
a home, now cannot find either, and is held at
Cincinnati Police Headquarters for safe keep-
ing.

It is one of the most unusual cases of "lost"
the police have encountered. The lad, who
seems ordinarily bright, was found by Patrol-
man Kruse wandering about the Grand Central
Depot and sent him in. The boy said to Lieut-
enant Watson:

"I came to Cincinnati Tuesday and got a
room and paid for it for a week. Then I got
a job working in a machine factory at \$3.50 a
week. When time came to quit work I left,
and then I couldn't find my room. I started
back to find where I worked, and I couldn't
find that either. My brother is here, too. I
was rooming with him, and he has my money."

himself across the throat with a razor.

Three or four weeks ago he went on a spree
and had been drinking heavily ever since.

For several days he had threatened to end
his life, and Wednesday undertook to carry
his threat into execution.

He procured his razor, and, informing his
wife of what he intended to do, chased her
out of the room, closed the door, and went to
work on himself.

Before anyone could be summoned Hise
made three severe gashes on his throat, ex-
posing the windpipe.

His injuries are serious but he will recover.
Hise is formerly of this city, for years be-
ing employed at W. B. Mathews & Co.'s saw-
mill.

THE KILTIES ARE COMIN'.

Cleveland Plain Dealer—"The men of the
Band were attired in their kilts and are as
bonnie a set of laddies as one needs wish to see.
And the music, it was no wonder that enthu-
siasm waxed higher and higher till men stood
up and swung their hats and cheered. It was
well done from a technical standpoint, but
more than that, it was thrilling in every note.
There are no tunes more inspiring than the old
Scottish melodies, and bright and sober, grave
and gay, they were all given last night. Need-
less to say every number was encored." At
Washington Opera-house soon.

Charles D. Walcott, Director of the United States Geological Survey, says that the anthracite coal fields of this country will last for more than 200 years. It has been estimated that the original contents of the Pennsylvania anthracite mines amounted to 19,507,872,325 tons. In the past 83 years 1,225,581,269 tons have been mined. The supply of bituminous coal is almost limitless. The area of the American fields is estimated at 279,543 square miles, as compared with 484 square miles of anthracite coal.

INVESTIGATING COMMITTEE.

Visitors to Newport, Covington and Cincinnati Have Returned.

Mayor W. E. Stallcup, Messrs. John T. Short and John Eitel and Civil Engineer W. C. Pelham, after spending a couple of days investigating the systems of streets in Newport, Covington and Cincinnati, returned last evening. They made a thorough examination of the several kinds of highways, secured plans and specifications and cost of construction from the engineers of the above cities, and the consensus of opinion of the committee seems to be that brick streets, properly constructed, are what Maysville needs and must have. It is probable a meeting of the General Committee will be held Monday night in order to hear the report of the visiting committee.

MORE SMALLPOX!

Several Cases Have Developed in Out-of-the-Way Places.

Now, don't get scared! Warm weather is near at hand, and it's a deadly foe to smallpox.

Last evening Mr. Reuben Duncan of Maysville, who has been stopping at the St. Charles Hotel in Front street for some days, developed a mild case of the disease.

Of course there was a regular observation of the regular boarders.

Mr. L. W. Robertson, one of the Trustees of the Cooper Estate, placed Colonel William Willocks in charge of the building, with strict orders to keep one hundred yards away from him during his Curatorship.

Officer Bob Thompson is now the active landlord, clerk, steward, cook, chambermaid and bellboy—being in fact the "whole push," and experiencing very little bother from persons asking what time the 3:45 train goes out, or the price of oleomargarine in Oshkosh.

In addition to the Duncan case, there are four or five cases near the extreme end of East Fourth street—far removed from the business district; and with the disease in both these out-of-the-way places, there's not the slightest risk to those who visit the business part of the city.

MASTIN VS. ZWIGART.

Appellate Court's Decision in Case from This County.

Court of Appeals recently affirmed the suit of Mastin vs. Zwigart, taken up from the Minson Circuit Court.

On this appeal it was sought to set aside a judicial sale of land of the appellant on two grounds—that one of the appraisers was unfriendly to him and because it was appraised at an inadequate price. The land was appraised at \$20 per acre, and sold for \$18.25. The Appellate Court's decision was as follows—

Held—That a judicial sale will not be set aside merely on the ground of inadequacy of price. There is nothing in the proof to show that the appraisement was made too low as the result of any unkind feeling of one of the appraisers. Appellant contends that the price should have been fixed at \$25 instead of \$20 per acre. This difference in price fixed by the appraisers could not have prejudiced the appellant, as it would not have enabled him to redeem. The land sold for more than two-thirds of the price that the appraisers fixed on it. There is nothing to show that it would have brought a better price had the appraisers fixed the price as appellant contends they should have done.

Attorneys M. C. Hutchins and Allan D. Cole appeared for the appellant and Judge Garrett S. Wall for appellee.

CHRONIC COUGHS

OFTEN ARE THE BEGINNING OF CONSUMPTION.

Stop Your Cough and Avoid Future Trouble.

We Will Guarantee That We Can Do It For You

Our Vinol is the Remedy for all Pulmonary Affections.

Vinol is a preparation that is delicious to take.

It consists of a delicate table wine in which has been dissolved the active curative principles that are found in the liver of the live cod, and to which cod-liver oil owes its reputation as a remedy for coughs, colds and all wasting diseases.

If there is any one who has a cough, a tendency to take cold easily, or a dread of consumption, we would like to have them call and permit us to explain what we know about Vinol and why we believe it will cure all such troubles more surely and quickly than any other remedy ever given to the public.

Following is a letter which has just come to hand and which shows how beneficially Vinol acted in one instance:

"I had a severe cough of long standing. I was advised by friends to give your Vinol a trial, which I did. Before taking it I had tried many other remedies for coughs without obtaining any relief. With Vinol it was different. I have now used four bottles of it, and am pleased to say my cough has almost entirely left me. I have been decidedly benefited by its use in every way. Very truly yours"—H. E. SMALL, Boston, Mass.

Vinol acts beneficially upon the digestive organs, enabling them to obtain for themselves the elements from which are made firm healthy flesh tissue, sound muscle, strong bone structure and pure blood.

We recommend Vinol unreservedly.

If you will call on us at our store, we will tell you why we have such faith in this new wine of cod-liver oil.

We guarantee that if you suffer from any symptoms that indicate troubles for which we know Vinol is intended, we will refund to you your money if you don't find Vinol helps you.

"A tape worm eighteen feet long at least came on the scene after my taking two CASCARETS. This I am sure has caused my bad health for the past three years. I am still taking Cascarets, the only cathartic worthy of notice by sensible people."

another boat. Bulkheading was built around
the sunken steamer and large siphons were
used in pumping out the water in the hull.

There was a heavy drift flowing in the river
at Cincinnati all day Wednesday. This
condition is accounted for by the fact that all the
coal harbors above the city have been cleaned
of the drift, which was carried in front of them
by the rise. Some of the drift was in patches
that were nearly an acre in area.

WEAK LUNGS

Weak lungs are
mostly due to a
neglected cough.
Only a small per-
cent. of the mil-
lions who have
consumption in-
herit it. A slight
cold, a tickling or
hacking cough is
the beginning,
and after it has
reached a certain
advanced stage
there is no ending except the grave.

Any case of consumption that is curable;
that is, any one having consumption whose
family or friends still hold on to a ray of
hope, may take comfort in the knowledge of
the fact that One Minute Cough Cure will
give instant relief and finally cure.

- This famous remedy does not pass immediately
into the stomach, but lingers long in the throat, chest
and lungs, producing the following results:
- (1) Relieves the cough.
 - (2) Makes the breathing easy.
 - (3) Cuts out the phlegm.
 - (4) Draws out the inflammation.
 - (5) Kills the germs (microbes) of disease.
 - (6) Strengthens the mucous membranes.
 - (7) Clears the head.
 - (8) Relieves the feverish condition.
 - (9) Removes every cause of the cough and the
strain on the lungs.
 - (10) Enables the lungs to contribute pure life-
giving and life-sustaining oxygen to the blood. Cures
Croup and all Cough, Lung and Bronchial Affections.

CONSUMPTION CURED.
"My physician told me one year ago that I would
die of consumption inside of a year. I commenced
taking One Minute Cough Cure for my lung trouble
and it cured me. I have gained 20 pounds and I am
a pretty live 'dead woman.' One Minute Cough Cure
saved me." MARY F. SULLIVAN, Grand Rapids, Mich.

SORE HANDS

Itching, Burning Palms,
Painful Finger Ends,

With Brittle, Shapeless,
Discolored Nails,

As Well as Roughness and
Redness,

ONE NIGHT TREATMENT

Soak the hands on retiring in a strong,
hot, creamy lather of Cuticura Soap.
Dry and anoint freely with Cuticura
Ointment, the great skin cure and pur-
est of emollients. Wear, during the night,
old, loose kid gloves, or bandage lightly
in old, soft cotton or linen. For red,
rough and chapped hands, dry, fissured,
itching, feverish palms, with brittle,
shapeless nails and painful finger ends,
this treatment is simply wonderful, fre-
quently curing in a single application.
In no other way have Cuticura Soap
and Ointment demonstrated their aston-
ishing curative properties more effec-
tually than in the treatment of the
hands, especially when tortured with
itching, burning and scaly eczema.

Complete local and constitutional
treatment for every humor of the
skin, scalp and blood, with loss of hair,
may now be had for one dollar. Bathe
freely with hot water and Cuticura
Soap, to cleanse the surface of crusts
and scales, and soften the thickened
cuticle. Dry, without hard rubbing,
and apply Cuticura Ointment freely
to allay itching, irritation and inflam-
mation, and soothe and heal, and,
lastly, take the Cuticura Resolvent
Pills, to cool and cleanse the blood.
This treatment affords instant relief,
permits rest and sleep in the severest
forms of eczema and other itching,
burning and scaly humors, and points
to a speedy, permanent and economical
cure of torturing, disfiguring humors
from infancy to age, when all other
remedies and the best physicians fail.
